

Welcome

Doesn't time fly! ...With Christmas just around the corner, shopping is firmly on everyone's mind as they frantically trawl the high streets and internet looking for that perfect gift.

We understand how difficult and stressful this time can be, and so have put together the complete computer keyboard and mouse shopping basket for you or the avid computer enthusiast in your family or workplace.

The shopping basket represents just a fraction of the NEW range of PC peripherals from Cherry which are available at our dedicated website: www.cherrykeyboardsrus.co.uk.

Make sure you order before 21st December to ensure delivery before Christmas!

If you require our latest Line Card please contact our sales team at sales@aerco.co.uk or visit us at www.aerco.co.uk.

Products available for the shopping basket include:

eVolution Barracuda XT

An affordable ultra flat wireless multimedia keyboard with a 5 button optical mouse.

Wearnes Cambion cage jacks now available

We now stock the Wearnes Cambion range of cage jacks for PCB applications. These single pole sockets provide a highly reliable PCB connector with multiple contact points to 60% of the circumference of the mating pin.

Used in conjunction with connector pins and shorting links, the cage jacks (also known as jacks, jack sockets or PCB sockets), are available in straight and right angled, closed and open ended and insulated versions with solder mount, press-fit, swage, crimp and eyelet format.
