

## Latest Press Release

### **One-stop-shop for Deutsch 602 connector**

Aerco is now the sole UK assembler for the popular, industry-leading Deutsch Pattern 602 lightweight, miniature, bayonet connectors that are widely used in the civil, defence and aerospace industries. We now offer a 'one-stop-shop' for Pattern 602 connectors including EMC grounded versions, ribbed coupling nuts and orientated connectors. They are available either from stock or on a five working day lead-time and are supplied with no minimum order quantities.

### **Putting the boot in**

Now in stock is the Glenair Series 77 range of environmental shrink boots. Known as the 'Full Nelson' range because of their iron grip and long-term effectiveness, these boots provide a dependable, long-term, leak-proof seal for the most demanding applications including military equipment and vehicles. Supplied with various flexibilities, straight-lipped and lipless versions are available in a wide range of lengths and sizes and in straight and right angle versions.

### **New rugged full colour spectrum LEDs**

Aerco now supplies ruggedised, full colour, spectrum LEDs from L3 Electro Dynamics. The ML1631E (rear mount) and ML2031E (front mount) are cutting-edge LED indicators that offer clear advantages over segmented tri-colour LEDs. Designed to meet MIL-STD-202 standards, they provide a high degree of protection against vibration, and environmental hazards and virtually unlimited colours can be obtained by using either different resistor combinations or pulse-width modulation.

### **CW1600 cable in stock**

We now stock CW1600 cable from B3 Cable Solutions. This internal grade, LFH, multi-pair telephone cable is similar to standard indoor telephone cable, but has a halogen-free flame retardant sheath. Ideal for internal applications where there is a need to protect people and equipment from smoke and fumes, CW1600 cable has an aluminium/polyester foil electrical screen and drain wire and a fire retardant tape on all cables with more than six pairs together with a 1.38mm insulated earth wire.
